Wholesale Hyundai Santa Fe 54500-26000 5450026000 Suspension Strut Arm

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54500-26000
- Minimum Order Quantity: 20 PCS
- Price: USD12.85 ~ USD14.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 5000 pcs per month

Product Specification

- Product Name: Suspension Control Arm
- Warranty: 12 Months
- Size: Standard
- Car Make: For Hyundai
- Package: Poly Bag With Cartons, After Wooden Pallets
- OEM: 54500-26000
- Highlight: 54500-26000, 5450026000

Product Description

54500-26000 Suspension Strut Arm For Hyundai Santa fe 5450026000

Product Description:

The control arm, also known as an A-arm or wishbone, is an essential part of a vehicle's suspension system. It plays a vital role in linking the suspension components with the automobile's framework while keeping the wheels steady. Control arms are located in both the front and rear suspension setups, though their design varies depending on the model.

Control arms are an integral part of the vehicle's suspension system, as they offer reliable support to the car's frame while keeping the wheels in check. The arms attach the suspension components to the car frame to control the vehicle's paddle movement and maximize vehicle safety. The control arm designs are different between the front and rear suspension, depending on the weight distribution and desired suspension performance.

Features:

Our control arm is crafted from high-quality materials, such as forged or cast steel, aluminum, or composite materials, ensuring strength, durability, and resistance to wear and corrosion. It is built to withstand the demands of daily driving and various road conditions.

The control arm plays a crucial role in linking the suspension components, such as the wheel hub assembly and steering knuckle, to the vehicle's chassis. It provides the necessary structural support and flexibility to control the motion of the wheels, maintaining proper alignment and enhancing handling and stability.

Our control arm helps maintain proper wheel alignment, ensuring even tire wear, optimal handling, and improved vehicle stability. It allows for controlled vertical movement of the wheels, providing enhanced traction and responsiveness during acceleration, braking, and cornering.

Our control arm is designed for straightforward installation, making it suitable for both professional mechanics. It is a direct fit replacement for your vehicle's original control arm, ensuring compatibility and a hassle-free installation process.

Our control arm undergoes rigorous testing and quality control measures to meet or exceed industry standards. It is manufactured by trusted suppliers who prioritize quality and performance, providing you with a reliable and durable product.

Support and Services:

Our Suspension Control Arm comes with technical support and service to ensure that you get the most out of your purchase. Our technical support team is available to answer any questions you may have and provide guidance and assistance with installation and setup. We also offer a range of services to keep your Suspension Control Arm running smoothly and efficiently, such as regular maintenance and tune-ups, and troubleshooting and repairs. If you ever need help with any issue related to your Suspension Control Arm, our team of experts are here to help.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
